EDUCATION

C. T. Bauer College of Business | University of Houston **Spring 2022 - Present**
Ongoing Student of Management Information Systems
Cumulative GPA: 3.5
Relevant Coursework: *Database* | *Java* | *SQL* | *AI Expertise* | *Python*

EXPERIENCE

The Home Depot | Sugarland, Texas **May 2024 – Present**
Flooring Specialist

- **Technical Product Consultation:** Delivered detailed technical specifications and comparative analysis on product lines to help Customers make data-informed decisions aligned with their requirements and budget constraints.
- **Project Scoping & Cost Analysis:** Gathered requirements, performed measurements and calculations, and built cost estimates to support project planning and ensure accurate, efficient execution.
- **Client-Facing Technical Support**: Provided consultative support to clients, translating technical product information into clear recommendations tailored to their needs.
- **Cross-Functional Collaboration**: Partnered with team members and supervisors to coordinate special requests, maintain data/display accuracy, and support overall operational efficiency.

PROJECTS

University of Houston | BUSI 3302: Connecting Bauer to Business
Fall 2024
Gen Z Ethics Competition

- Collaborated on a consulting-style project with **KPMG** to analyze how organizations can better engage and support **Generation Z** employees, researching factors such as ethics, transparency, career progression, and mental well-being and presenting strategic recommendations to a panel of judges.

Self-Directed Project
March 2026
Azure Cloud Monitoring Automation Project

- Built a serverless cloud monitoring automation using Microsoft **Azure** and Azure Functions, developing **PowerShell** scripts triggered on a **schedule** to generate infrastructure health reports and log results through Azure Application Insights.

Personal Project
April 2026
Embedded Device Configuration & Troubleshooting

- Flashed custom firmware and configured system settings on a handheld gaming device, resolving software compatibility issues and optimizing performance through hands-on hardware/software troubleshooting.

LEADERSHIP & ACTIVITIES

Management Information Systems Student Organization (MISSO) **Spring 2025 – Present**
MISSO Operations Committee

- **Professional Development:** Attended workshops, guest speaker events, and networking sessions with industry professionals to enhance knowledge of Management Information Systems (MIS) and career opportunities.
- **Teamwork & Collaboration:** Helped set up MISSO events before events started.
- **Technical & Business Skills Growth:** Gained exposure to real-world applications of technology in business through case studies, company tours, and hands-on learning experiences.
